SUBJECT INDEX*

A

Acrodynia caused by protiodide of mercury (Fischer and Hodes), 143
ACTH and cortisone therapy in children, some special problems in use of (Wilson and Rowe), 164
Acute phase reactants; serum hexosamines in patients with rheumatic fever and related diseases (Kelley), 413
serum nonglucosamine polysaccharides in patients with rheumatic fever and related conditions (Kelley), 405
Adoption (Bakwin and Bakwin), 130
Aerosol use, nontoxic detergent for, in dissolving viscid bronchopulmonary secretions (Miller et al.), 767
Amebiasis in infants under one year of age, clinical report on (Goldenberg et al.), 290
Amino acids, virus inhibition by (Blattner), 260
Ammonia dermatitis, o-benzyl-p-chlorophenol in prevention and treatment of (Stephens et al.), 750
Anemia, aplastic, in siblings with multiple congenital anomalies (Fanconi type) (Levy), 24
Antibiotics, ameliorative effect of, on nonlipoid reticuloendotheliosis (Letterer-Siwe disease) in identical twins (Bierman et al.), 269
Aortic-pulmonary septal defect, patent ductus arteriosus and, right heart catheterization in (Adams et al.), 49
Ascorbic acid, stability of, in milk at different stages of processing (Holmes), 91
Aureomycin in treatment of beta hemolytic streptococcal infections (Breese), 85

B

Bacterial flora, pH, and sugar content in intestinal tract of infants, investigations on (Barbero et al.), 152
BAL, successful treatment of subacute mercury poisoning (acrodynia) caused by protiodide of mercury (Fischer and Hodes), 143
Banthine bromide, use of, in infantile colic and vomiting (Levy and Zweifler), 570
o-Benzyl-p-chlorophenol in prevention and treatment of ammonia dermatitis (Stephens et al.), 750
Biliary atresia, congenital (Whitten and Adie), 539
Blood pressure determinations in newborn infants, flush method for (Goldring and Wohltmann), 285
Blood pressure—Cont'd
variations in, in hospitalized children (Clayton and Hughes), 462
Book Reviews:
A manual of orthoptics (Lancaster), 534
Allergy in relation to pediatrics (Ratner), 534
American pediatric directory, 1951-1952 (Smith), 265
Angiocardiography as a diagnostic aid in congenital heart disease (de-Groot), 137
Chronology of ophthalmic development (Keeney), 265
Diagnostische und therapeutische Technik beim Kinde (Nitsch), 265
Die hämolytischen Syndrome im Kindesalter (Gasser), 681
Differentialdiagnostische Symptomatologie von Krankheiten des Kindesalters (Catel), 400
Eating problems for children, a guide for doctors and nurses, 138
Eating problems for children, a guide for parents, 138
Electrocardiographic studies in normal infants and children (Ziegler), 811
Electrokymography, 683
Going to the hospital, 533
Growth and culture (Mead and MacGregor), 683
Handbook of pediatric medical emergencies (DeSanctis and Varga), 136
Health observation of school children (Wheatley and Hallock), 265
Healthy babies (Kenyon and Russell), 265
Infant development, embryology of early human behavior (Gesell), 811
Management of the newborn (Parmelee), 812
Maternal nutrition and child health, 138

Tonsil and allied problems (Parkinson), 401
Topographische Ausdeutung der Bronchien im Röntgenbild mit Berücksichtigung der neuzeitlichen Nomenklatur (Esser), 401

*January, pp. 1-142; February, pp. 143-268; March, pp. 269-404; April, pp. 405-538; May, pp. 539-686; June, pp. 687-814.

Brain tumor, congenital, in infant one month of age, clinic on (Mount Sinai Hospital of New York), 781
Breast milk, factors of importance in (Haddy and Adams), 243
Bronchopulmonary secretions, viscid, nontoxic detergent for aerosol use in dissolving (Miller et al.), 767

C

Cardiac complications of pertussis (Walker), 200
Cerebral palsy:
  cerebral injury, early detection of (Hughes and Davis), 606
  editorial on (McKhann), 403
  malformations of brain—neglected source of basic knowledge on development of cerebral structure and functions (Yakovlev), 626
  observations on some causes of, based on post-mortem findings in newborn infants (Arey), 621
  obstetrical factors in (Anderson), 340
  some effects of ionizing radiation and metabolic inhibition on developing mammalian nervous system (Hicks et al.), 489
  speech therapy in (Palmer), 514
  symposium on, 340, 403, 489, 606
  unmet needs in—follow-up study of children with cerebral palsy (Byers), 631
    important directions of research (Unna), 628
Cerebritis, acute, possibly secondary to frontal sinusitis, clinic on (Mount Sinai Hospital of New York), 788
Cesarean section, early clamping of umbilical cord during (Stevenson and Erhard), 64
Cholecystitis and cholelithiasis, chronic, in 2½-month-old infant, clinic on (Bobs Roberts Memorial Hospital), 667
Cholelithiasis and cholecystitis, chronic, in 2½-month-old infant, clinic on (Bobs Roberts Memorial Hospital), 667
Cirrhosis of liver, congenital, associated with infectious hepatitis of pregnancy (Bellin and Bailit), 60
Clinical Conferences:
  Bobs Roberts Memorial Hospital, clinic on malformational syndrome suggesting ovarian agenesis in preadolescence, 651; arteriovenous fistula in neck, 661; chronic cholecystitis and cholelithiasis in 2½-month-old infant, 667; regional enteritis, 671
  Children's Hospital, Communicable Disease Department, San Francisco, Calif., clinic on Hemophilus influenzae meningitis, 376; measles encephalitis, 383
  Mount Sinai Hospital of New York, clinic on congenital brain tumor in infant one month of age, 781; congenital neuroblastoma of spinal canal, 785; acute cerebritis possibly secondary to frontal sinusitis, 788; otitis media and bacteremia possibly due to sinus thrombophlebitis, 792
Cluttering (Bakwin and Bakwin), 393
Colic, infantile, and vomiting, use of Banthine bromide in (Levy and Zweifler), 570
Comments on Current Literature:
  congenital dermal sinus communicating with central nervous system or with meninges, 530
  erythema nodosum in children, 397
  hyperthyroidism, 679
  rabies, 807
  virus inhibition by amino acids, 260
Congenital anomalies, multiple, siblings with, aplastic anemia in (Levy), 24
  heart disease, pulmonary hypertension in children due to (Adams), 42
Constipation in infancy and childhood, treatment of (Vignec and Mitty), 576
Cortisone and ACTH therapy in children, some special problems in use of (Wilson and Rowe), 164
Cystinuria, congenital, case of (Prakken), 186

D

Dental caries, selenium and (Hadjimarkos et al.), 451
Dermal sinus, congenital, communicating with central nervous system or with meninges (Blattner), 530
Dermatitis gangrenosa infantum (Gedarovich), 228
Diabetes mellitus, juvenile, lipoprotein levels in (Carr et al.), 19
Diaphyseal dysplasia, progressive (Lavine and Koven), 235
Diet of infants and young children, use of meat in, further studies of (Leverton et al.), 761
Duplication of stomach (Berg and Marx), 334

E

Ectodermal dysplasia, hereditary, of anhidrotic type (Metson and Williams), 303
Editor's Column:
  anoxia and retrolental fibroplasia, 684
  cerebral palsy, 403
  convalescent care for children with rheumatic fever, 813
  iron poisoning, 141
  mental health clinics for children, 267
  pallor in school children, 685
  pediatric shift, 536
  pediatricians and malpractice, 402
  pediatrics put in part III National Board examination, 535
  routine tuberculin test—neglected pediatric procedure, 813

Editor's Column:—Cont'd
Sir Robert Hutchison, Bt., M.D., F.R.C.P., 266
trends in pediatric education, 139
Education, pediatric, trends in (editorial), 139
Egressin, treatment of pinworm infection (Enterobius vermicularis) with (Goddard and Brown), 469
Encephalitis, measles, clinic on (Children's Hospital, San Francisco), 383
Engelmann's disease (progressive diaphyseal dysplasia) (Lavine and Koven), 235
Enteritis, regional, clinic on (Bobs Roberts Memorial Hospital), 671
Enuresis, nocturnal, essential, treatment of (Seiger), 738
Erythema nodosum in children (Blattner), 397
Examining pad, improved, for infants (Stafford), 339

F

Facial asymmetry in newborn infant; its relation to congenital cranial osteoporosis (craniotabes) and infant's birth order (Boder), 558
Ferrous sulfate poisoning (Duffy and Diehl), 1; (Swift et al.), 6
Fistula, arteriovenous, in neck, clinic on (Bobs Roberts Memorial Hospital), 661
entero-umbilical, congenital, due to patent vitelline duct (Scalettar et al.), 310

G

Gangrene of extremities in newborn infant (Askue and Wong), 588
Gastric response of normal children to Urecholine (Jones et al.), 456
ulcer, perforated, manifested by hematemesis in 8-week-old infant (Rubell et al.), 337
Glomerulonephritis, acute, in childhood (Hebert), 549
Glutamic acid treatment, experimental, in mentally retarded children (Oldfelt), 316
Growth failure in Aleut school children, treatment of (Wilde), 565

H

Health supervision of infants and children (Richmond), 634
Height, adult, tables for predicting, from skeletal age: revised for use with Greulich-Pyle hand standards (Bayley and Pinneau), 423
Hematemesis, perforated gastric ulcer manifested by, in 8-week-old infant (Rubell et al.), 337
Hemolytic disease, latent, of newborn infant (Grundorfer), 172
streptococcal infections, beta, aureomycin in treatment of (Breese), 85
Hemophilus influenzae meningitis, clinic on (Children's Hospital, San Francisco), 376
Hutchison, Sir Robert, Bt., M.D., F.R.C.P. (editorial), 260
Hydrocephalus, communicating, infantile, evaluation of "seton" procedure in treatment of (Svien et al.), 298
Hyperthyroidism (Blattner), 679

I

I^{131}, value of measurements of thyroid uptake and urinary excretion of, in assessing thyroid function of normal and congenitally hypothyroid children (Reilly and Bayer), 714
Incontinentia pigmenti (Loveman et al.), 442
Infantile cortical hyperostosis (Bush and Merrell), 330
Infants, amebiasis in, clinical report on (Goldenberg et al.), 290
and children, constipation in, treatment of (Vignec and Mitty), 576
health supervision of (Richmond), 634
internal prolapse of sigmoid colon in (Babich et al.), 479
lipoproteins of serum in (Carr et al.), 19; (Kempe et al.), 11
testicular tumors occurring in (Rusche), 192
use of meat in diet of, further studies of (Leverton et al.), 761
improved examining pad for (Stafford), 339
intestinal tract of, investigations on bacterial flora, pH, and sugar content in (Barbero et al.), 152
masturbation in (Bakwin), 675
perforated gastric ulcer manifested by hematemesis in (Rubell et al.), 337
Infectious hepatitis of pregnancy, congenital cirrhosis of liver associated with (Bellin and Bailit), 60
Inhibition, metabolic, and ionizing radiation, some effects of, on developing mammalian nervous system (Hicks et al.), 489
Intestinal obstruction, functional, in premature newborn infant (Rack and Crouch), 579
in premature infant treated by resection and primary end-to-end anastomosis (Bierman et al.), 474
tract of infants, investigations on bacterial flora, pH, and sugar content in (Barbaro et al.), 152
Ionizing radiation and metabolic inhibition, some effects of, on developing mammalian nervous system (Hicks et al.), 489
Iron poisoning (editorial), 141

L

Laurence-Moon-Biedl syndrome (Kessel), 96
Letterer-Siwe disease in identical twins, ameliorative effect of antibiotics on (Bierman et al.), 269
Lipoproteins of serum in juvenile diabetes mellitus (Carr et al.), 19
in normal children (Kempe et al.), 11

Liver, cirrhosis of, congenital, associated with infectious hepatitis of pregnancy (Bellin and Bailit), 60

M

Malpractice, pediatricians and (Higgons), 402
Masturbation in infants (Bakwin), 675
Measles encephalitis, clinic on (Children's Hospital, San Francisco), 383
Meat, use of, in diet of infants and young children, further studies of (Leverton et al.), 761
Medical Progress:
  factors of importance in breast milk (Haddy and Adams), 243
  health supervision of infants and children (Richmond), 634
  pityriasis rosea in children (Perlman and Lubowe), 109
Melena in newborn infant (Rozenfeld and McGrath), 180
Meningitis, Hemophilus influenzae, clinic on (Children's Hospital, San Francisco), 376
Mental health clinics for children (editorial), 267
Mentally retarded children, experimental glutamic acid treatment in (Oldfelt), 316
Mercury poisoning, subacute, caused by protiodide of mercury (Fischer and Hodes), 143
Milk, breast, factors of importance in (Haddy and Adams), 243
  stability of ascorbic acid in, at different stages of processing (Holmes), 91
Mortality, reduction of, in premature nursery, declining role of infection as major cause of (Bloch et al.), 584

N

National Board examination, pediatrics put in part III (editorial), 535
Neuroblastoma, congenital, of spinal canal, clinic on (Mount Sinai Hospital of New York), 785
Newborn infant, facial asymmetry in; its relation to congenital cranial osteoporosis (craniotabes) and infant's birth order (Boder), 558
  flush method for blood pressure determinations in (Goldring and Wohltmann), 285
  gangrene of extremities (Askue and Wong), 588
  latent hemolytic disease of (Grundorfer), 172
  melena in (Rozenfeld and McGrath), 180
  observations on some causes of cerebral palsy based on post-mortem findings in (Arey), 621
  results of administration of vitamin B_{12} to (Chinnock and Rosenberg), 182
News and notes, 135, 262, 400, 532, 681, 809

O

Obstetrical factors in cerebral palsy (Anderson), 340
Omental segmental infarction (Catanzaro and Farley, Jr.), 240
Otitis media and bacteremia possibly due to sinus thrombophlebitis, clinic on (Mount Sinai Hospital of New York), 792
Ovarian agenesis in preadolescence, malformational syndrome suggesting, clinic on (Bobs Roberts Memorial Hospital), 651

P

Pallor in school children (editorial), 685
Patent ductus arteriosus and aortic-pulmonary septal defect, right heart catheterization in (Adams et al.), 49
Pediatric education, trends in (editorial), 139
  resident program in nonuniversity hospital (Thelander), 224
  shift (editorial), 536
Pediatricians and malpractice (Higgons), 402
Pediatrics put in part III National Board examination (editorial), 535
Pertussis, cardiac complications of (Walker), 200
Phlebectasia, congenital, generalized (Humphries), 486
Pinworm infection (Enterobius vermicularis), treatment of, with Egressin (Goddard and Brown), 469
Pityriasis rosea in children (Perlman and Lubowe), 109
Poisoning, ferrous sulfate (Duffy and Diehl), 1; (Swift et al.), 6
  iron (editorial), 141
  mercury, subacute, caused by protiodide of mercury (Fischer and Hodes), 143
  potassium bromate (Knappenberger), 105
  veratrum viride (Newman), 233
Poliomyelitis, acute, differential diagnosis of 409 revised diagnoses (Dawson et al.), 71
  clinical, in early neonatal period (Johnson and Stimson), 733
Poliosis (Gilman and Perlman), 101
Potassium bromate poisoning (Knappenberger), 105
Pregnancy, infectious hepatitis of, congenital cirrhosis of liver associated with (Bellin and Bailit), 60
Premature infant, intestinal obstruction in, treated by resection and primary end-to-end anastomosis (Bierman et al.), 474
  mortality, natal and neonatal factors in (Russell and Betts), 722
  newborn infant, functional intestinal obstruction in (Rack and Crouch), 579
  nursery, reduction of mortality in, declining role of infection as major cause (Bloch et al.), 584
Prolapse, internal, of sigmoid colon in infants and children (Babich et al.), 479
Psychologic Aspects of Pediatrics:
  adoption (Bakwin and Bakwin), 130
  attitudes of children with rheumatic fever (Bauer), 796

Psychologic Aspects of Pediatrics:—Cont'd
cluttering (Bakwin and Bakwin), 393
integrated treatment of young child with speech disorder (Wohlman), 525
masturbation in infants (Bakwin), 675
sibling relationships with special reference to problems of second born (Fischer), 254
Pulmonary hypertension in children due to congenital heart disease (Adams), 42

Q

Quaternary ammonium compounds, bacteriostatic, germicidal, and sanitizing action of, on textiles; disinfection of cotton fabric (Latlief et al.), 599
sanitization of cotton fabrics (Latlief et al.), 324

R

Rabies (Blattner), 807
Resident program, pediatric, in nonuniversity hospital (Thelander), 224
Reticuloendotheliosis, nonlipoid (Letterer-Siwe disease), in identical twins, ameliorative effect of antibiotics on (Bierman et al.), 269
Retrolental fibroplasia, anoxia and (editorial), 684
Rheumatic fever and related conditions, patients with, serum hexosamines in; acute phase reactants (Kelley), 413
patients with, serum nonglucosamine polysaccharides in; acute phase reactants (Kelley), 405
attitudes of children with (Bauer), 796
convalescent care for children with (editorial), 813

S

Selenium and dental caries (Hadjimarkos et al.), 451
Serum hexosamines in patients with rheumatic fever and related diseases; acute phase reactants (Kelley), 413
lipoproteins of, in juvenile diabetes mellitus (Carr et al.), 19
in normal children (Kempe et al.), 11
nonglucosamine polysaccharides in patients with rheumatic fever and related conditions; acute phase reactants (Kelley), 405
"Seton" procedure, evaluation of, in treatment of infantile communicating hydrocephalus, 298
Sibling relationships with special reference to problems of second born (Fischer), 254
Siblings with multiple congenital anomalies, aplastic anemia in (Levy), 24
Sigmoid colon, internal prolapse of, in infants and children (Babich et al.), 479
Sinus thrombophlebitis, otitis media and bacteremia possibly due to, clinic on (Mount Sinai Hospital of New York), 792
Sinusitis, frontal, acute cerebritis possibly secondary to, clinic on (Mount Sinai Hospital of New York), 788
Speech disorder, integrated treatment of young child with (Wohlman), 525
therapy in cerebral palsy (Palmer), 514
Stomach, duplication of (Berg and Marx), 334
Subdural effusions, postmeningitic, nature of (Arnold), 757
Symposium on cerebral palsy, 340, 403, 489, 606

T

Tables for predicting adult height from skeletal age: revised for use with Greulich-Pyle hand standards (Bayley and Pinneau), 423
Testicular tumors occurring during infancy and childhood (Rusche), 192
Tetanus, treatment of (Segar et al.), 772
Textiles, bacteriostatic, germicidal, and sanitizing action of quaternary ammonium compounds on; disinfection of cotton fabric (Latlief et al.), 599
sanitization of cotton fabrics (Latlief et al.), 324
Thyroid uptake and urinary excretion of I^{131}, value of measurements of, in assessing thyroid function of normal and congenitally hypothyroid children (Reilly and Bayer), 714
Tuberculin test, routine—neglected pediatric procedure (editorial), 813
Tuberculous inoculation, primary, of ear lobe (Morgan), 482
meningitis (Ruziczka), 708
treatment of (Perry), 687
Tumor, congenital neuroblastoma of spinal canal, clinic on (Mount Sinai Hospital of New York), 785
Tumors, testicular, occurring during infancy and childhood (Rusche), 192

U

Umbilical cord, early clamping of, during cesarean section (Stevenson and Erhard), 64
hernia, occurrence in Negro adolescents and young adults (Crump and Robinson), 777
occurrence of infantile type in Negro infants and children (Crump), 214
Urecholine, gastric response of normal children to (Jones et al.), 456
Urinary excretion, thyroid uptake and, of I^{131}, value of measurements of, in assessing thyroid function of normal and congenitally hypothyroid children (Reilly and Bayer), 714

V

Veratrum viride, intoxication with (Newman), 233
Virus inhibition by amino acids (Blattner), 260
Vitamin B_{12}, administration of, to newborn infants, results of (Chinnock and Rosenberg), 182
